## Summary of key findings for parents

### This provision does not meet requirements

- The provider does not ensure that all staff have an up-to-date knowledge of safeguarding issues. Some staff do not have a strong enough understanding of how to recognise signs of possible abuse or neglect.
- The provider has not ensured that there are daily opportunities for children to play outdoors.
- The indoor environment is spacious, inviting and comfortable for children.
- Staff understand how to support young children as they play. There is a range of suitable resources, and staff know how to plan interesting and enjoyable activities for children.
- The manager demonstrates that she knows how to encourage children to contribute their views and ideas to help make continuous improvements to the club.
- The manager and staff demonstrate a sound knowledge and understanding of how to work closely with parents and the schools that children attend.
- Staff understand their responsibility to supervise children well to keep them safe. They have systems in place to make daily checks to the environment to minimise risks to children.
- Staff are well qualified. They have some appropriate opportunities for professional development.
- The manager and staff are aware of the importance of children having a named key person to aid their emotional security and give them consistency in care.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
